

How to set up a ScripNow account:

1. Go to shopwithscrip.com
2. Set up a family account
3. Enter our organization code 945E4F762938 (this is how we get credit)
4. Enter banking information to open a PrestoPay Account. To purchase scrip online you must open a PrestoPay account!

After you have entered all the information the National Scrip office will place 2 small deposits in your checking or savings (depending on which account you choose to have it taken out of.) Check your account in a day or 2 they should be there!

Then log back in at shopwithscrip.com and enter the amounts of the small deposits. The scrip office will then send you a 4 digit number.

Once you get that number you will need to contact Paula at 766-1445 or scrip@skdchurch.org with that number. Once she enters it you are set to go.

How to use ScripNow

We ask at this time you only use **ScripNow** and the **Reloadable scrip**. We are still figuring out the accounting side of this endeavor.

1. Log in at shopwithscrip.com
2. We have found that 1 of 2 log in screens come up. Directions for both will follow.

Screen1

1. On the mid-section of the page, the third blue bullet point down is labeled "Order ScripNow. The fourth bullet point down is Reload. Choose one of those

(and ONLY one of those Please)

2. Open which function you wish to use and order your scrip. The Reload option will need you to enter the card number on the back of the card you already have

and are reloading. Note that reloads can take longer than scrip now, so be sure to check your balance and wait for confirmation.

The second screen:

This screen has a picture on it with tabs across the top.

1. Click on Shop
2. When the next screen opens, under the word shop, in small print will be “Scrip Now” with a blue exclamation point in front of it. Next to that will be “Reloads” with a recycle sign by it.
3. Once again please only shop from these two options.

We are aware that there are things that you might want that are not available from ScripNow and the reloadable cards. We have opened these options for convenience. Ordering from any other part of this site requires you coming to the Parish Office and picking the scrip you ordered up. Also, it will not get here any faster as it is sent with my next placed order. We stock a large assortment of cards here at St. Katharine’s, some of which are ordered company direct which enables me to offer you a higher return. If you do want something we do not carry, feel free to stop in and I will be more than happy to special order it for you.

If you have any questions, PLEASE call Paula at 766-1445.
